

# MANIFESTO

Ayushmaan Dev Verma — 18B090002 — B.S. Maths 2018-2022

## INTRODUCTION

---

I, Ayushmaan (18B090002), if elected as the Undergraduate Representative of the Mathematics Department Council 2020-21, would try my utmost best to fulfill all my duties, and will be approachable to all the students and would welcome and encourage criticism and new ideas. If I am elected as the UG Representative, I promise to facilitate the implementation of the following:

## INITIATIVES

---

**Statistics:** Ensure that all UG students who are interested to explore statistics courses and projects get an opportunity to do so, either as department electives or additional learning courses.

**Minors, Electives and Honours:** Hold a session for all fresher UG students wherein senior UG students, who have taken such courses in various departments, explain the positives and negatives of these courses

**Coding Workshops:** Hold a session, or provide a repository of Coursera/EdX courses on important statistical programming languages such as R and Python, which would be an important skill-set for students

**Career Awareness Sessions:** Hold a session for all fresher UG students wherein seniors who have applied and worked in corporate and university internships/projects explain the positives and negatives for both

**Regular Feedback:** Send out anonymous feedback forms to all UG students with regards to academic/non-academic/council-related issues so that they feel represented and help the council perform better

**UG Meetup:** Hold an official UG meetup or make a combined WhatsApp group, so that all UG students are able to communicate and academically/non-academically collaborate with each other without hesitation

## DUTIES AND FOLLOW-UPS

---

**Department Events:** Encourage participation of UG students in the department events, such as Convocation, Asymptopia, Sports and Cultural events and assist the council in planning and execution

**Department Orientation:** Assist the council with the planning of the Department Orientation, ensuring that UG freshers are made welcome and all UG students participate with fervour and enthusiasm

**Department Trip:** Ensure that the department trip, preferably of 2-3 days, is organised well in advance, and all UG students' opinions are taken into account for planning of the trip,

**Communication:** Ensure that important decisions and notices are communicated to all batches of UG students and their opinions and grievances are taken into account before taking any decision

**Incoming Students:** Ensure a smooth registration process for incoming UG students with the help of ISMP mentors, and communicate regularly through official WhatsApp and Facebook groups

**Internships:** Ensure that ICs are in contact with the UG students, so that no announcement is missed

**FacAd-Student Relations:** Ensure that any academic/non-academic issues are communicated to the FacAds, and if possible, ensure that each UG student batch meets with their respective FacAd at least once a semester

**Lock-Down Duties:** Oversee the smooth conduction of online classes, benefiting faculty and students

**Class Representatives:** Relay information between the administration and the student body and take the insight of the Class Representatives of all batches

## CREDENTIALS

---

Coordinator, Public Relations: Entrepreneurship Cell, IIT Bombay
